(a) This article applies to:

(1) a fiduciary acting under a will, trust or power of attorney executed before, on, or after the effective date of this article;

(2) an executor, administrator or personal representative acting for a decedent who died before, on, or after the effective date of this article;

(3) a guardianship proceeding commenced before, on, or after the effective date of this article; and

(4) a trustee acting under a trust created before, on, or after the effective date of this article.

(b) This article applies to a custodian if the user resides in this state or resided in this state at the time of the user's death.

(c) This article does not apply to a digital asset of an employer used by an employee in the ordinary course of the employer's business.

### **§ 13-A-2.2. User direction for disclosure of digital assets**

(a) A user may use an online tool to direct the custodian to disclose to a designated recipient or not to disclose some or all of the user's digital assets, including the content of electronic communications. If the online tool allows the user to modify or delete a direction at all times, a direction regarding disclosure using an online tool overrides a contrary direction by the user in a will, trust, power of attorney, or other record.

*(b) If a user has not used an online tool to give direction under paragraph (a) or if the custodian has not provided an online tool, the user may allow or prohibit in a will, trust, power of attorney, or other record, disclosure to a fiduciary of some or all of the user's digital assets, including the content of electronic communications sent or received by the user.*

*(c) A user's direction under paragraph (a) or (b) overrides a contrary provision in a terms-of-service agreement that does not require the user to act affirmatively and distinctly from the user's assent to the terms of service.*

#### **§ 13-A-2.3. Terms-of-service agreement**

*(a) This article does not change or impair a right of a custodian or a user under a terms-of-service agreement to access and use digital assets of the user.*

*(b) This article does not give a fiduciary or a designated recipient any new or expanded rights other than those held by the user for whom, or for whose estate, the fiduciary or designated recipient acts or represents.*

*(c) A fiduciary's or designated recipient's access to digital assets may be modified or eliminated by a user, by federal law, or by a terms-of-service agreement if the user has not provided direction under section 13-A-2.2.*

#### **§ 13-A-2.4. Procedure for disclosing digital assets**

*(a) When disclosing digital assets of a user under this article, the custodian may at its sole discretion:*

*(1) grant a fiduciary or designated recipient full access to the user's account;*

*(2) grant a fiduciary or designated recipient partial access to the user's account sufficient to perform the tasks with which the fiduciary or designated recipient is charged; or*

*(3) provide a fiduciary or designated recipient a copy in a record of any digital asset that, on the date the custodian received the request for disclosure, the user could have accessed if the user were alive and had full capacity and access to the account.*

*(b) A custodian may assess a reasonable administrative charge for the cost of disclosing digital assets under this article.*

*(c) A custodian need not disclose under this article a digital asset deleted by a user.*

*(d) If a user directs or a fiduciary requests a custodian to disclose under this article some, but not all, of the user's digital assets, the custodian need not disclose the assets if segregation of the assets would impose an undue burden on the custodian. If the custodian believes the direction or request imposes an undue burden, the custodian or fiduciary may seek an order from the court to disclose:*

*(1) a subset limited by date of the user's digital assets;*

*(2) all of the user's digital assets to the fiduciary or designated recipient;*

*(3) none of the user's digital assets; or*

*(4) all of the user's digital assets to the court for review in camera.*

### **Part 3. Disclosure of Digital Assets To Fiduciary**

#### **§ 13-A-3.1. Disclosure of content of electronic communications of deceased user**

*If a deceased user consented or a court directs disclosure of the contents of electronic communications of the user, the custodian shall disclose to the executor, administrator or personal representative of the estate of the user the content of*

*(e) if requested by the custodian:*

*(1) a number, username, address, or other unique subscriber or account identifier assigned by the custodian to identify the user's account;*

*(2) evidence linking the account to the user; or*

*(3) a finding by the court that:*

*(B) disclosure of the content of electronic communications of the user would not violate 18 U.S.C. section 2701 et seq., as amended, 47 U.S.C. section 222, as amended, or other applicable law;*

*(C) unless the user provided direction using an online tool, the user consented to disclosure of the content of electronic communications; or*

**§ 13-A-3.3. Disclosure of content of electronic communications of principal**

*To the extent a power of attorney expressly grants an agent authority over the content of electronic communications sent or received by the principal and unless directed otherwise by the principal or the court, a custodian shall disclose to the agent the content if the agent gives the custodian:*

*(a) a written request for disclosure in physical or electronic form;*

*(b) a copy of the power of attorney expressly granting the agent authority over the content of electronic communications of the principal;*

*(c) an affidavit in which the affiant attests that the copy is an accurate copy of the original power of attorney and that, to the best of the affiant's knowledge, the power remains in effect; and*

**§ 13-A-3.6. Disclosure of contents of electronic communications held in trust when trustee not original user**

*Unless otherwise ordered by the court, directed by the user, or provided in a trust, a custodian shall disclose to a trustee that is not an original user of an account the content of an electronic communication sent or received by an original or successor user and carried, maintained, processed, received, or stored by the custodian in the account of the trust if the trustee gives the custodian:*
